...fights to end Duchenne.

We accelerate research, raise our voices to impact policy, demand optimal care for every single family, and strive to ensure access to approved therapies.
$50 million+ invested by PPMD into Duchenne research & therapy development to date

Over 260 research grants awarded, supporting nearly every major therapeutic approach

~ 35 clinical trials in Duchenne at any given time

2 US drug approvals with additional promising therapies in development
ADVOCACY

4 bills
signed into law, reshaping the Duchenne landscape

12000 messages & action alerts
sent to Members of Congress

Over $600 million
in federal funding leveraged by PPMD community into research

More than 2000 meetings
face-to-face with Members of Congress
10 years added to average lifespan due to PPMD-led advances in care

25 clinics awarded certification by PPMD across the US as of June 2019

700 care providers in PPMD network of certified clinics

20 years of identifying & addressing gaps in care through specialty workshops & consensus meetings
ENGAGEMENT

26 PPMD Connect locations
across the United States, providing local families outreach & mentoring

Over 5000 patients & carriers
across the globe have registered in The Duchenne Registry since launch

$36 million+
raised through Race to End Duchenne & family-led grassroots events since 1994

14310 families
reached in person, through 25 Annual Conferences, End Duchenne Tour stops, Roundtable discussions, & Advocacy Conferences
• **We demand optimal care standards** and ensure every family has access to expert healthcare providers, cutting edge treatments, and a community of support.

• **We invest deeply** in treatments for this generation of Duchenne patients and **in research** that will benefit future generations.

• Our **advocacy** efforts have **secured hundreds of millions of dollars** in funding and won **two FDA approvals**.

• **Everything we do**—and everything we have done since our founding in 1994—**helps those with Duchenne live longer, stronger lives**. We will not rest until we end Duchenne for every single person affected by the disease.
