

October 17, 2022

We are pleased to announce that six sites are open for enrollment for the Canyon trial for individuals living with Becker Muscular Dystrophy! Canyon is a Phase 2 trial of EDG-5506 to evaluate safety, tolerability, biomarkers of muscle damage and changes in functional measures in adolescents and men with Becker muscular dystrophy. As more sites continue to open across the US, we will update the community.

For more information, please go to [clinicaltrials.gov NCT05291090](https://clinicaltrials.gov/NCT05291090) or email studies@edgewisetx.com.

Upcoming Community Presentations through the end of 2022:

- PPMD Community Webinar, October 19, Virtual
- Cure Duchenne Community Webinar, November 2, Virtual
- Defeat Duchenne Canada Family Forum, November 4-6, Hybrid
- Action Duchenne International Conference, November 11-12, Manchester, UK
- Jett Foundation Community Webinar, November 17, Virtual
- TREAT-NMD, December 7-9, Vancouver

As always, we appreciate all the individuals living with Becker or Duchenne, and their families, who take part in research and contribute to the field's forward momentum. Please let us know if you have any questions.

Sincerely,
The Team at Edgewise
